Careful examination has been made of the fruit buds by several fruit growers of the community and all tell us that the fruit crop has not been hurt by cold yet, and that the promise now is that there will be a fine local crop. A Falcon representative had the pleasure a few days ago of going thru the plant of the Somerville Battling Works in this city. J. W. Russell, proprietor of the concern, has just completed the work of remodeling and renovating the entire plant in preparation for his approaching busy season and the whole plant is spic and span with its new equipment and interior coat of paint and new arrangement. The J. F. Wright Produce Company is the name of a new business house opened this week on the west side of the public square for business. They are located in the Scruggs building now owned by H. S. The new firm has put in a line of staple and fancy groceries and feed stuffs, and they propose to make a specialty of buying country produce of every kind for which a market is afforded. They are quoting some produce prices in another column. Mr. Wright and his family have rented rooms with Capt. and Mrs. T. W. Brinkley where they are keeping house.

The pretty days of last week and the first of this week gave opportunity for much gardening and field work throughout the section. Farmers were reported busy getting in oats, cutting stails, repairing fences, etc. and it is a table that much Lespedeza is being sowed in every section of the county. Demand for seed has been heavy and the supply scarce causing the price to advance around 50 per cent since the season for sowing began. The heavy rain of Tuesday night put a temporary stop to these activities, however.

On last Friday evening our city was treated to a high class home talent play under the auspices of the high school and was thoroughly enjoyed by all present. The play was a 3 act comedy entitled "Home Came Ted" and carried a cast of twelve characters. The necessary talent was furnished by the High school and young people of the town and it is to be said to their credit that few plays have been rendered in Somerville that so perfectly pleased all the audience. The proceeds of the play was donated to the Parent Teacher Association.

This Bank Has Grown

The Somerville Bank & Trust Company is next to the youngest bank in the county, started business eleven years ago with a paid capital of \$10,000 and has increased that paid capital to \$25,000 without the stockholders paying any more money, the \$15,000 additional capital being taken from the accumulated net earnings from time to time. The capital stock, \$25,000, is now fully paid, making this the second largest bank in the county. On the progressive and business-like plan which has made this growth possible, we invite the business of Fayette county people.
